### ACADEMY OF SCIENCE AND ART.

## A Very Instructive and Entertaining Meeting.

Last evening the Board of Education oms were crowded with a select audience of adies and gentlemen in attendance upon the ladies and gentlemen in attendance upon the regular meeting of the Leavenworth Academy of Science and Art. This Society, hardly three months old, is already working incalculable good for the city, and the education of its citizens, and has thus far made ation of its citizens, and has thus far made trides of progress far in advance of the most sanguine expectations of its originators.

The topics before the Academy last evening were ethnology and sociology, and most Rebecon H. Daris, C. A. Sephens, ably were they presented by the emayinta.

Judge Reese presented his views on ethS. S. Robbins, nology in a very thorough and comprehens ive manner, giving the various ages of man as laid down in history and the arguments

as laid down in history and the arguments pro and con.

The samy of Mr. Crespigny on sociology was a very carefully written and beautifully worded production, and the clear orstund diction of the speaker carried his hearen through the faults, foibles and heauties of society, with a never flagging interest to the end. Taken as a whole the empy were indeed a "feast of reason," and were heartily enjoyed by all present. On flaturday evening Prof. Manga, of Manhatta, will lecture before the Academy on the "Antiquity of Man," and we handle for him a fall home.

There is no pain which the Centaur Liniment will not relieve, no swelling it will not subdue, and no lameness which it will not cure. This is strong language, but it is true. Where the parts are not gone its effects are markestarpro velous. It has produced more the parts are neuralgia, lock-jaw, caldo, burns, sult-rheum, carrache, &c., upon animals, in one year than have all the burnan frame, and of strains, spaving galle, &c., upon animals, in one year than have all the other pretended remedies ance the world began. It is a counter-irriant, an all-healing pain reliever. Cripples throw a way their crutches, the lame wall, poison-one bites are rendered harmless and the wounded are healed without a sear. It is no humbug. The recipe is published around each bottle. It is selling as no article ever before sold, and it sells because it does just what it pretends to do. Those who now suffer from rheumatism, pain or swelling deserve to suffer if they will not use Centaur Liniment. More than 1000 certificates of remarkable cares, including frozen limbs, chronic-rheumatism, gout, running tumors, &c., have been reviewd.
